This book will be a nice additon to my preschoolers easter basket. He loves the if you give book series but this is not the same. It really goes over colors and numbers but does not have the theme of cuase and reaction that the Christmas "If you take a mouse to the movies" has. Really good for a toddler who is learning colors and counting though.

My 2 1/2 year old twins love the Mouse books and when I saw this book, I had to get it. It's perfect for young children because it has a simple and easy to follow storyline. The board book is great because it's sturdy and should withstand the toddler years. I like the story because it combines an Easter egg hunt with colors and counting. Each page has one or two sentences and points out a different color and number of eggs. I highly recommend this book to any Mouse fan!

My 2 year old loves the "mouse" books, and this one is no exception! The story is cute, the toddler can identify the colors of the eggs on each page, as well as counting them. We love this book!

This book is adorable! The illustrations in this book are so cute I find myself grinning while reading to my babies. My Twin 10 month old girls love this book. It is a board book, so it is for a younger crowd than the other "Give" books. I am so pleased with this book and so are my little ones!

This is a wonderful addition to the "If you give a Mouse..." series. It is a delight for children and adults alike!

I bought this to put in my daughter's Easter Basket (shes 4). I bought it thinking it was similar to the other story line...of giving a mouse a cookie, and then seeing the chain of events afterwards. But this is not that. It's just the same mouse, but that's it. Maybe it says that on the description, but I didn't see it. My daughter still enjoyed the book. It was just a short read...So just so others are aware...if you're expecting that storyline, this is not the same. But it was great for her basket and we've already read it 10 times (so she must like it). =)

My 5 yr old loved Happy Valentine's Day, Mouse! When she saw Happy Easter, Mouse! She BEGGED me to get it for her. I think she's read it 2 to 3 times every day since Easter!

This book is more of a picture book then a story really. That being said, babies do like to look at stuff! I got this for my nephew and I am sure he enjoyed it... I can't be sure as he doesn't talk yet :pNow this isn't no If You Give A Mouse A Cookie, from when I was a lil kid but hey I think it's worth the money to get your kid/relative!
