Customer Reviews

This book I have to say is pretty interesting. But, it wasn't anything new or surprising. It was a plain, and typical book that includes subtitles facts and pictures. Nothing special, like interviews and such. I wasn't really pleased by this book, but I still found it to be pretty interesting and that there was a good amount of facts presented here. I'll give it a three stars, because this book has nothing unique to it, and I enjoy reading books that are unique. Might recommend for someone else, depending if they will get bored or not.

It was good for our Vietnam friend to use as an educational book explaining Vietnam. Good for any age person that knows little about the country.
