## Customer Reviews

This book is absolutely no good to you without the teacher's edition also. Do not buy just this book as the teacher edition has all the instructions and stories needed to make this book useful to the student.

It was very helpful. I used this study guide to help my first grade son with his Gifted and Talented entry exam. He aced (99%) on all 4 categories of the exam. I am using it again for my soon to be first grader.

Excellent. Make sure you buy the Teacher's Edition Level 8. Easy to understand. Covers all major areas for 2nd graders. Prepared my child just as needed.
