## Customer Reviews

While doing some Christmas shopping for holiday books for my grand daughters, I came across this book. I bought it not really knowing what it was. I am so glad that it was one of the books I chose. Great illustrations, wonderful little greeting cards and other novel things to open that the postman delivers to Red Riding Hood, Gingerbread Boy and others, tucked in pocket pages. The postman finally ends up with a visit to Santa. This book will be a repeat purchase by me as gifts for many children and "big kids" I know for years to come. It's different, clever and fun - A book that will become a tradition to read.

Even though I am already eleven years old I am still obsessed with this book. It is funny and the pictures are marvelous. I plan on buying this book for Christmas. This book is for all ages. It is about a postman who goes around delivering mail. On each page there is a little pocket that contains a message/mail. I loved reading this book and I bet you will too.

This line of books is fantastic! So much fun! I enjoy reading them to my kids and my kids love them.

There are pockets on each page with a letter from different fairy tale characters. So much fun! Totally get this if you are on the fence. Any kid will love them!

I bought this for my daughter and later I bought it for friends' children. I'll probably search for it for my grandchildren too. You can probably guess that I like it! Buying for kids is such fun because you get the wow factor, and then you get to see whether they really take to it by reading/playing with it. Kids don't fib about this stuff, do they! I can report 100% success. The enthusiasm they have for all the hidden messages, cards, games is so sweet. This truly is a gift that grows and grows on them. Note - if you have to get a used one, verify all the bits are included. The book wouldn't work without those.

We LOVE this book. It had all the fun of the original with added Christmas surprises! My boys ages 6 and 4 love it. I highly recommend it, tho worth littles make sure they are supervised while reading as it is easy to tear the envelopes and lose pieces.

My children received this book as a Christmas gift just before we left for a 700 mile trip to visit grandparents. It is an ideal book to pack for such a trip. The story itself and the letters tucked inside the book kept them busy for hours, and they wanted to read it over and over. That was okay with me, I really enjoyed reading it to them. It is a fantastic book! In fact, I logged on to see if there are other "Jolly Postman" books. Thank goodness there are.

An adorable Christmas book. I grew up loving the original Jolly Postman. I bought my niece and nephew the original. And when I saw this, I had to get it for reading around Christmas time. A great Christmas book. A lot of fun. They loved pulling out the letters to read.

this wonderful book is ideal for little children. it is a fun interactive book that encourages childrens' imagination. I first read this book when i was in the third grade. Now i am a freshmen in college and i saw this book and had to get it
