Customer Reviews

My girls (ages 3 and 6) have been in love with the new Sofia the First Series on Disney Junior since it came out. We were thrilled to see that they were starting to release some storybooks and we pre-ordered this book as well as the first three books (The Royal Slumber Party, Sofia Makes a Friend and Welcome to Royal Prep) as soon as we could. This book arrived a day before the release date from and we read it that night as a family for their bedtime story. It was a big hit. We have already pre-ordered several more that will be released over the next few months."The Perfect Tea Party" is a fun story with a nice message. It is about Sofia planning her first Royal Tea Party for her friends at Royal Prep. Her name is picked to plan and host the party which is very exciting for her. She wants a simple and fun party like she used to have in her village before she became a

princess, but her stepsister Amber has some ideas of her own. Amber keeps making "suggestions" that Sofia doesn't exactly agree with, but goes along with. A mishap during the setup of the party makes a mess of the big plans, but Sofia seizes the opportunity to make her Royal Tea Party perfect in her own way. There is a great happy ending with a nice message that just because something is different doesn't mean it can't be great and you should think for yourself, not just do what the people around you want. Overall, this book has a great story with nice artwork on standard "Little Golden Book" paper. It is not quite as nice as the previous books that were on really nice glossy paper, but the quality is as expected for the Little Golden Book series. It also doesn't have the "Princess Lesson" on the inside back cover that the other books have had.
