ISBN-10: 0823433072

ISBN-13: 978-0823433070

Product Dimensions: 13.3 x 0.1 x 11 inches

Shipping Weight: 4 ounces (View shipping rates and policies)

Average Customer Review: 4.7 out of 5 stars [See all reviews](#) (7 customer reviews)

Best Sellers Rank: #97,322 in Books (See Top 100 in Books) #38 in [Books > Children's Books > Education & Reference > Science Studies > Botany](#) #53 in [Books > Children's Books > Growing Up & Facts of Life > Health > Diet & Nutrition](#) #106 in [Books > Children's Books > Children's Cookbooks](#)

Age Range: 4 - 6 years

Grade Level: Preschool - 1

Customer Reviews

I bought 2 copies of this book for 2 of my grandsons, ages 3 and 5. They loved the book - great pictures, very informative, easy to understand. The 5-year-old even read it himself, with help. Highly recommend it.

"Plants Feed Me" is such a beautifully written and illustrated book. Each page is so colorful and unique. Great book to teach children about where their food comes from. My granddaughter loved it. I would highly recommend this book.

Both of our two girls have been enamoured of this book at the ages of 2-3. We grew vegetables and read them this book in the hopes that it would start a lifetime of good habits with food. Not only do they eat every vegetable we put in front of them, they also ask for this book to be read.

Plants Feed Me is a quality informational text about plants. The book teaches readers how plants

grow, parts of a plant and the different part of a plant we eat. In the classroom:â ¢ A read aloud to introduce a plant unit in early elementary classrooms.â ¢ Colorful pictures and simple text for emergent readers.â ¢ Diagrams with labels, cut-a-ways (inside and underground), captions and detailed illustrations guide readers to read the illustration and introduce text features.â ¢ Use the information in the book to create categories for the plants we eat. Adding appropriate reading level informational text to a primary classroom can be difficult. This book is perfect. I canâ t wait to share it with our kindergarten and first grade teachers. 5 stars
