Customer Reviews

This book is sooooo dumb, by my 9 year old loves it. He's supposed to read to me for 20 min every night as part of his homework, and I've been trying to make the transition from picture books to chapter books. These junior novels are great for that. Each chapter only lasts 2-3 pages, and there's at least one picture per chapter, so he can feel really accomplished reading 4 chapters in one night. The plot is about as deep as the the TMNT cartoon series, but that's good for young readers too. If he puts the book down for a week he's not lost when he picks it back up, and there's lots of action to keep his interest. I also appreciate that it stretches his vocabulary, but new words are always in context so he can figure out what they mean. I do have to keep my ears open when he's reading because he gets so excited about finding out what happens next that he blasts right through or skips words he doesn't know, but that's why he's supposed to be reading to me in the first place right. I wouldn't suggest this as a book to read to younger children, there really is no plot,

and a confident 10 or 11 year old reader would probably find it too easy. But for your emerging reader who wants nothing but action and "Cowabunga" punch lines it's great!

Boys loved the book.
