Heralding The Loud Cry: Progression Of Light From 1888

Synopsis

Heralding the Loud Cry is a precious book, containing progressive light and truth for our time in relation to the Loud Cry of the Fourth Angel. Each chapter of the book reveals newer and deeper spectrums of this multifaceted diamond of truth - as if one were holding the diamond up towards the sun, light permeates off its illuminated sides in every direction, radiating outward, upward, downward and inward. In beautiful simplicity Camron Schofield shares the eighteen gems of wisdom he has collected on Righteousness by Faith from his personal sojournings out of spiritual Egypt to the Red Sea shore. Consider each one of these sermons on Righteousness by Faith a unique and precious stone that you can yet polish and beautify further in the experience of your own life.

The material is very clearly an advanced step in the direction laid out by the teachings of God through Jones and Waggoner during the late 1880s and 1890s. This book has been a extreme blessing to me and those with whom i've shared the thoughts contained therein. A must read for those who want the old and the new treasures from the storehouse of God.

This the true message of righiousness by faith and an essential read for those who need God in their lives, want to be saved and be made "white as snow". Very conforting. also read Waggoner and Jones and of course Ellen White.

Fantastic book! Learned how close Jesus actually is to me. Repeats things a bit but never phased

me. Gave me a far better understanding of the apostle Paul's writings and the reason I believe the law is there to teach me about sin, and the wonderful grace of Jesus Christ who loves Us all so very much. Thank you for a greater understanding of my role to tell others the good news that Jesus will be here soon.

I have never had this most precious message declared so clearly. I must read this again. This message is life!

The Good News is better than I thought! Wonderful book, a life changer!
