Bible History: A Textbook Of The Old And New Testaments For Catholic Schools

Synopsis

In our opinion, this is the best Bible History ever! It contains Study Questions for each chapter, 23 maps, 165 enthralling pictures (which alone are worth the price of the book), side notes on every page, a wonderful Index and Pronouncing Vocabulary, plus wording that sixth to eighth grade students can easily handle. We give this book five stars. Impr. 558 pgs, 165 Illus. 23 Maps, PB

Grade Level: 7 and up

Customer Reviews

This book is an excellent bible survey. The other reviewer obviously does not understand the Supernatural nature of the Church, or even that this is a book about bible history - not contemporary liberal dissident temper tantrums. For what it claims to be, the book is more than adequate, and in the survey method it is excellent as stated. The authors are short on opine and long on generalities regarding biblical names, dates, occurrences and the like - of which one would expect in the class of a high school level bible survey and history. Its strength is in its nature - most adults do not have even a modicum of biblical experience and would benefit greatly with a book of this very sort. It supplies the necessary information for the average Catholic to grasp the bible in its entirety and to supplement a direct read-through of the entire bible. Thorough in its scope of the subject matter. Again 5 - star excellent !!!!!

Excellent for homeschool middle school. Used in many traditional Catholic homeschool curricula

such as Seton and others. There is a workbook to go with it. Perhaps the other reviewer needs a little more catechesis as to why the Church does or doesn't do modern things.

I use this Bible History textbook for my middle grade students. I am very pleased with its content and the workbook as well. I find the questions at the end of each section thoroughly reinforce the information given in the textbook. I use the worksheets for quizzes, homework or some extra credit points.

As with the workbook, it is well written and an easy to use guide for teaching youth about the bible.

As advertised; last one at this lower price. I think I've ordered 3 others; appreciate being able to find it.

Pretty dated. Not particularly helpful for young Catholics of this generation. Would like to see some of the difficult issues explained from a biblical perspective such as the status(or lack of) of women and how the church justifies its patriarchy in the 21st century as these are questions that young people are interested in. The 'Things to Know and to do' at the end of each chapter are not going to satisfy today's young men and women. The book needs to be seriously updated from the 1931.
