Malcolm X: A Graphic Biography

Synopsis

The age of multitasking needs better narrative history. It must be absolutely factual, immediately accessible, smart, and brilliantly fun. Enter Andrew Helfer, the award-winning graphic-novel editor behind *Road to Perdition* and *The History of Violence*, and welcome the launch of a unique line of graphic biographies. If a picture is worth a thousand words, these graphic biographies qualify as tomes. But if you're among the millions who haven't time for another doorstop of a biography, these books are for you. With the thoroughly researched and passionately drawn *Malcolm X*, Helfer and award-winning artist Randy DuBurke capture Malcolm Little's extraordinary transformation from a black youth beaten down by Jim Crow America into Malcolm X, the charismatic, controversial, and doomed national spokesman for the Nation of Islam.

Book Information

Hardcover: 112 pages

Publisher: Hill and Wang; 1st edition (November 14, 2006)

Language: English

ISBN-10: 0809095041

Customer Reviews

I grew up in the days when "great black leader" meant Dr. Martin King, Jr. I read X's autobiography, but found the man hard to like or understand. This small but fact-packed graphic novel is a great help to understand the forces that shaped Malcolm, and the changes he underwent. The novel lays the context for the story with swift, deft strokes that show the experience of blacks in America's history, from slavery to Jim Crow. The story shifts to tell of X's parents, and covers his childhood, young adulthood as a petty criminal, eventual jailing and conversion to Islam, his hajj and his assassination. There's a lot to learn about X in this book, much of which was (with attribution) taken from his autobiography. Without saying it in so many words, the book reports inconsistencies in

stories he told about himself and the recollections of others. His mother claims not to recall the story of facing down racists while pregnant with X.. The book is also honest about his criminality (as was X himself) and his association with the Boston and Harlem drug and club scenes, including experiences with conking his hair and his dalliances with white women. X's jailing gives the book an opportunity to explain X's attraction to the Nation of Islam, and explains NOI's distinction (due to its myth of white devilry) from other branches of Islam. Malcolm comes across as an intense man of great persuasiveness and integrity, whose incredulity at the sins of NOI's leader, Elijah Mohammed, are laid as the cause of his murder. This is a quite honest book that lays out the facts and lets the reader decide what to make of them. Was X an effective leader? What is his legacy? What if he had chosen not to challenge the NOI's cult of its leader?
