Strong Female Protagonist Book One (Strong Female Protagonist Gn)

Synopsis

With superstrength and invulnerability, Alison Green used to be one of the most powerful superheroes around. Fighting crime with other teenagers under the alter ego Mega Girl was fun â” until an encounter with Menace, her mind-reading arch enemy, showed her evidence of a sinister conspiracy, and suddenly battling giant robots didn't seem so important. Now Alison is going to college and trying to find ways to help the world while still getting to class on time. It's impossible to escape the past, however, and everyone has their own idea of what it means to be a hero.... After a phenomenal success on Kickstarter, Brennan Lee Mulligan and Molly Ostertag bring their popular webcomic into print, collecting the first four issues, as well as some all-new, full-color pages!

Book Information

Strong Female Protagonist was an interesting comic about superheroes. Told between past and present events, we get to meet Allison Green, ex-superhero by the alias of Mega Girl. With super strength and invulnerability, she fought crime, defeated villains, and destroyed robots. Until one day she faced her ultimate enemy that revealed a much bigger enemy than the usual comic books one that made her think of her life choices and the future. This comic isn't about superheroes, not entirely. It used superheroes as a channel to give the message that we can all be superheroes in different ways and not necessarily with spandex suits and flying through the air. I loved Allison, how she tried

to lead a normal life but couldn't help but get involved in trying to help people in any way she could, either by defeating the bad guys or some other bad guys by protesting among other normal humans. The story also tackled another kind of hero with the character named Feral. She looked like a monster and had the ability to regenerate any body part. Wanting to give back something to the world, she endured several surgical procedures daily without any anesthesia to take out body parts for donations. She wanted to help, but sacrificing herself in such a way wasn't the way. But I admired her character greatly for how she went from being not-such-a-good-sport to someone who wanted to redeem herself. A lot of the things that happen by the end is about this, about redemption and how sometimes we can't control things that happen to us and sometimes we can.
